

# **SPECIAL TRAIL CLOSURE**

**The southern paved trail will be closed from Wednesday, June 2nd until Friday, June 11th while the new pedestrian bridges are built. Pedestrians may use the grass & dirt trail to the south, but consider that the stream crossing is not suitable for wheeled vehicles. We appreciate your patience as these park improvements are constructed.**

**For your safety and for the safety of the construction workers, PLEASE stay out of the construction area and off closed trails.**
